

Searching for Ropens and Finding God: The Quest for Discovering Modern Pterosaurs (Flying Dinosaurs)

By Jonathan David Whitcomb

Createspace, United States, 2014. Paperback. Book Condition: New. Dan Nedrelo, Eskin Kuhn (illustrator). 214 x 149 mm. Language: English . Brand New Book ***** Print on Demand *****.Fly above common true-life adventures, and dive into what may become the most unsettling scientific discovery since Copernicus and Galileo: living pterosaurs of the modern world--what a discovery! It soars above disputes about religion, revealing why an official discovery of an extraordinary animal has been delayed for so long. Above all, this explores human experience: eyewitnesses and those who interviewed them. People have become connected by common encounters; persons of various faiths, with various levels of education, from various countries and cultures, have seen a living pterosaur, commonly called pterodactyl. Notwithstanding the delay in the official scientific discovery, eyewitnesses from around the world continue to encounter these flying creatures: featherless, long-tailed, often larger than any known bird. A few Americans explored a few islands in the southwest Pacific, in brief expeditions scattered between 1993 and 2007, looking for a modern pterosaur. Creationist each man was labeled, yet many of those following them, in recent years, carried no religious purpose. The creatures have many names: seklo-bali, duwas, wawanar, indava, kor, kundua. In Papua New...
