Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Rhonda Johnson and Sharon Shaw were two teenage girls murdered in 1971. But despite having had their lives taken so long ago, their case is still not satisfactorily solved. It s a story that involves not just two girls being murdered so young, but a potentially innocent man imprisoned for over twenty years, a corrupt police force, a serial killer, and perhaps the wider context of the Texas Killing Fields murders. The story of the twists and turns involved in finding justice for the two girls continues on until today. Michael Lloyd Self, the man who some believe to have been wrongly imprisoned for the murder of the two girls, has since died in prison of cancer. Because of his passing, and the difficulty that investigators have found in unearthing new evidence, it seemed unlikely that the full story will ever come out. But not long ago, a revelation and a startling confession have brought Johnson and Shaw s murders back into the limelight. Perhaps, at last, their families can discover the truth of their real killers.
