The Active Brain (Book 1) is a systematically sequenced mathematical exposition from The Precious Jewels of Mrs. G collection of offerings. It has been thoughtfully created for the benefit of people of all ages beginning with the universal child not forgetting their mentoring counterparts dedicated to intellectual wellness and education. It is a graphic presentation of mathematical wisdom, color-defined to bring forth precise concepts, their patterns, and relationships. This edition, in particular, focuses upon the very first step along the hierarchical sequence of mathematical evolution: The Number Concepts. The Active Brain is a series of volumes that seeks to systematically present precise concepts, and their ever-evolving patterns and relationships in order to keep the brain-mind stimulated along its encounters of exploration, discovery, and interactivity with the universe. The world of relationships and relativity begins to evolve from the very inception of life. Our early childhood sensory experiences associated with practical life-impressions, no doubt, initiate in setting a concrete foundation towards the cultivated recognition of all things and events as phenomena, in existence. Underlying these, indeed, are the secrets to discovery by way of concepts, patterns,...
