Turtleback Books, 2017. Hardback. Condition: New. Bound for Schools Libraries ed.. Language: English . Brand New Book. This adventure series is created especially for readers who love the fight of good vs. evil, magical academies like Hogwarts in the Harry Potter saga, and games like Minecraft, Terraria, and Pokemon GO. Entity303, the dark villain who has poisoned vanilla Minecraft with dangerous and bizarre mods, is barely able to escape Mystcraft, leaving the surface of Minecraft in a giant rocket, Gameknight999 in pursuit. There s only one place he could be heading with the kidnapped Weaver, the User-that-is-not-a-user realizes: he s using the Galacticraft mod and has taken off for the moon! Gameknight and Crafter follow behind, landing on a strange and barren lunar landscape, a world stranger and more alien (in more ways than one) than any other Minecraft mod. It s here that they will have to battle moon monsters, find Entity303, rescue Weaver, and discover exactly what disastrous plans the mysterious figure has in mind for Minecraft, before it s too late. Come along with Gameknight999 on his most thrilling adventure yet, to a biome unlike anything else in the Overworld: outer space! Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers--picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a...
