CAPs provide portfolio insurance for business loans based on a separate loan loss reserve fund for each participating financial institution. Other credit support programs include collateral support, loan participation, loan guarantee, and venture capital programs. Each participating state is required to designate specific departments, agencies, or political subdivisions to implement the programs approved for funding. The designated state entity distributes the SSBCI funds to various public and private institutions, which may include a subdivision of another state, a for-profit entity supervised by the state, or a non-profit entity supervised by the state.
