Is this the first level of Consciousness in the universe? The author - Scientist, Michael Mathiesen believes it is and has penned an easy to understand explanation of the latest Particle Physics that shows how we are all FOOLED by the smallest things in the universe on a daily basis - even minute by minute. If you have ever wondered why it is so difficult to overcome your FATE - this may be the book for you. The book is the most intense and detailed explanation of how the universe is formed that you will ever encounter. However, at the same time, the concepts are made extremely easy to understand. Albert Einstein said: The most incomprehensible thing about the universe is that it is comprehensible. In other words, when you strip out all of the abstract mathematical junk about how things work, the basic concepts are easy to understand for anyone, not only Einstein and this author proves Einstein correct by...
