Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. I used to search for books dealing with the child s perspective on having to live with A.D.D. With my B.A. in Psychology and many personal experiences, I wrote and illustrated a book, walking in a child s shoes, to understand this learning disability from their perspective. I am not discounting the valuable input of professionals at all levels, but merely wanted to add additional understanding about what a child with A.D.D. must be going through - - through the perspective of a mother. I hope this book is helpful to families and individuals dealing with this issue with the children they love.
