This secret is lost in the mist of the ages. Stock is a liquid which is obtained when you boil vegetable or meat over heat for a long time. This is going to contain some of the most important and soluble nutrients and flavoring constituents of the foods which have undergone the boiling process. These nutrients have been extracted by prolonged and gentle simmering. // 14885901 Such a liquid is the foundation of soups, sauces and gravies in cuisines all over the world. The ancient Romans regarded a really good cook as a pearl beyond compare. Only he knew all about the herbs and spices which he was going to use in making a stock which would be then be used to make a gravy on which emperors would dine. So is it a wonder that the first part of learning cookery is to know how to make...
