## BIBLICAL WORDS AND THEIR MEANING: AN INTRODUCTION TO LEXICAL SEMANTICS (PAPERBACK)

ZONDERVAN, United States, 1995. Paperback. Condition: New. Revised edition. Language: English . Brand New Book. When first published in 1983, *Biblical Words and Their Meaning* broke new ground by introducing to students of the Bible the principles of linguistics, in particular, on lexical semantics -- that branch that focuses on the meaning of individual words. Silva's structural approach provides the interpreter with an important lexical tool for more responsible understanding of the biblical text and more effective use of standard exegetical resources. This revised edition includes a bibliographical essay by Silva, *Recent Developments in Semantics*, and an appendix by Karen H. Jobes, *Distinguishing the Meaning of Greek Verbs in the Semantic Domain for Worship*, that provides the reader with a substantive example of lexical study.
