The War that destroyed the great world has left the known world in an ever changing state of flux. Steam-powered ships rule the skies, pirates roam free, and the Royal Navy is the only whisper of order in the cacophony of chaos. Valeria knows this brutal world all too well. Orphaned with only a birthmark on her back to hint at her past, she is left to travel the world alone. Hope comes in an unexpected form, whispers of her Atlantian heritage. Whispers that tell Valeria her birthmark is more than she could have ever imagined. Now Valeria finds herself in a dangerous scheme to uncover the truth of her ancestry. Her journey will take her across the known world, to forbidden islands, and into conflict with the Royal Navy. Allies will be made, enemies discovered, and the truth of Atlantis revealed.
