Reviews

Very good eBook and beneficial one. It generally is not going to price a lot of. I discovered this ebook from my i and dad advised this book to learn.

(Tyrel Bartell)

GYPSY (OUTSPOKEN AUTHORS)

PM Press. PAPERBACK. Condition: New. 1629631183 Brand New; satisfaction guaranteed. Trade paperback binding. Since his debut in Terry Carr's legendary Ace Specials of the 1980s, Carter Scholz has occupied an enviable, if demanding, position on the cutting edge of modern speculative literature (vulgarly called SF). Proudly debuting in this volume, *Gypsy* is his first major work since his 2002 nuclear thriller *Radiance*. An interstellar adventure grounded in the hard science of accurate physics and biology, *Gypsy* soars far beyond the heliosphere of conventional science fiction. Jettisoning the easy warp-drives of fantasy and space opera, Scholz chronicles with chilling realism the epic voyage of a team of far-seeing scientists, who crowdsource a secret starship and abandon the doomed Earth for the Alpha Centauri system, our nearest stellar neighbor and last desperate chance. Heartbreak and hope collide in this moving and visionary tale. Plus, an epistolary story about a story, "The Nine Billion Names of God," uses a classic SF text to deconstruct literary deconstruction itself, with hilarious results. In the wickedly droll "Bad Pennies," a spy tasked with trashing a foreign economy testifies before a complacent Congress. Quietly furious, "The United States of Impunity" is an alarming look under the tent of today's political sideshow. Adults only. And featuring: "Gear. Food. Rocks." our Outspoken Interview, in which a postmodern Renaissance man charts the synergies and dissonances of a career that embraces both literary and musical composition, reveals the hidden link between winemaking and deep space astronomy, and tells you how to steal his car.
