MEASUREMENT: A VERY SHORT INTRODUCTION (PAPERBACK)

Oxford University Press, United Kingdom, 2016. Paperback. Condition: New. Language: English . Brand New Book. Measurement is a fundamental concept that underpins almost every aspect of the modern world. It is central to the sciences, social sciences, medicine, and economics, but it affects everyday life. We measure everything - from the distance of far-off galaxies to the temperature of the air, levels of risk, political majorities, taxes, blood pressure, IQ, and weight. The history of measurement goes back to the...
