OBJECTIVE BAYESIAN VARIABLE SELECTION FOR CENSORED DATA

LAP Lambert Academic Publishing Aug 2013, 2013. Taschenbuch. Condition: Neu. This item is printed on demand - Print on Demand Neuware - The aim of survival analysis is to explain and predict the survival, usually defined along the time domain. In this work we study it by means of regression models. In statistical data analysis it is common to consider the regression set up in which a given response variable depends on some factors and/or covariates. The model selection problem...
