John Wiley and Sons Ltd, United Kingdom, 1996. Paperback. Condition: New. New. Language: English . Brand New Book. This lucid and accessible dictionary presents technical terms that Wittgenstein introduced into philosophical debate or transformed substantially, and also topics to which he made a substantial contribution. Hans-Johann Glock places Wittgenstein s ideas in their relevance to current debates. The entries delineate Wittgenstein s lines of argument on particular issues, assessing their strengths and weaknesses, and shed light on fundamental exegetical controversies. The dictionary entries are prefaced by a Sketch of a Intellectual Biography , which links the basic themes of the early and later philosophy and describes the general development of Wittgenstein s thinking. Extensive textual references, a detailed index and an annotated bibliography will facilitate further study. Authoritative, comprehensive and clear, the volume will be welcomed by anyone with an interest in Wittgenstein - his life, work or influence. Each Blackwell Philosopher Dictionary presents the life and work of an individual philosopher in a scholarly but accessible manner. Entries cover key ideas and thoughts, as well as the main themes of the philosopher s works. A comprehensive biographical sketch is also included.
