Fantagraphics, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book. Eye of the Majestic Creature is a collection of semi-autobiographical and fantasy-based comics that combine dry humor, psychedelia, and emotion to show the viewpoint of one person s world internally and externally. The story follows a young girl, Larrybear, and her talking acoustic guitar Marshmallow on their adventures through the countryside, Chicago, San Francisco and New York. While Larrybear struggles to connect with strangers, her friends, and her family to various degrees of success, her growing population of anthropomorphic friends have adventures of their own. Larrybear is in a constant struggle between the desire to connect with those around her and to be left to her own devices. You get a glimpse of her past life when she visits her home town of Chicago, trying to relate to old friends who have not matured since high school, as well as her family (which includes her Hippopotamus father and his harem of ex-wives, two brothers, and Salsa-dancing mom). In the present, she moves to New York to find work for a time, resulting in many hilarious and drunken adventures with her new coworkers at a cell phone decorating shop, and her old friend Boris, who shares with her his P. G. Wodehouse books, as well as his Incredible Hulk weed. Drawn in shades of gray using the near-deceased practice of stippling, Stein s imagery draws you into Stein s world for a complete and engrossing experience.
