

Eye See You: The Art of Oliver Hibert

By Angelo Madrigale

Schiffer. Hardcover. Condition: New. Oliver Hibert (illustrator). 160 pages. In this first survey of his career, you'll find beloved, neo-psychedelic artist Oliver Hibert blending in as living art among examples of his fine art, illustration, and design, including his unique recreation of the tarot deck. Building off of features in publications including Juxtapoz, Hi-Fructose, and Beautiful Decay, this title breaks down Hibert's quest for the Superflat using his favored medium of acrylic and addresses the question of what happens when an artist tackles commercial assignments. His body of work is connected through color and inspiration from the 1960s, an aesthetic that has attracted the likes of The Flaming Lips for whom Hibert has created posters, tour apparel, and album covers. With well over 200 images, Eye See You also shows just how prolific the artist is, covering his paintings, sculpture, and drawings, as well as his many projects for clients such as Nike, Fender Guitars, Miley Cyrus, and Creature Skateboards. This is a must-have and insightful work for collectors and fans of contemporary art. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Hardcover.
