Xulon Press, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Are you a believer? A skeptic? An atheist? When you watch the sun tuck itself behind the ocean or the mountains, do you see God? Or instead, do you see a randomly designed universe spilling into a vast array of nothingness? If you conclude that there is a god or a superior force that put the universe into motion, do you credit the God of the Christian Bible? Is there any validity to those Old Testament stories? Did the walls of Jericho simply collapse? Did Jonah live three days inside the belly of a fish? What about the New Testament and all of those so called questionable miracles performed by Jesus? Is Jesus really God? Applying science, history and archeology, this book explores the possibility of a creator God, a Christian God and a personal God. If you are an atheist, an agnostic or a skeptic, I invite you to take my dare. Explore your beliefs, as I have explored mine. Consider those beliefs from a scientific and historical perspective. If you are a Christian, then likewise, I dare you to engage your own beliefs while reading. The simple fact is that whether you are a Christian believer or not, nobody wants to believe in a lie. Where ever you find yourself on the spectrum of belief, I trust that this book will prove itself as a useful tool in guiding you towards spiritual truth. So, go ahead. I DARE YOU. --Greg Bennett.
