

Üçtepe II. Tunç Çağları kazı ve yüzey araştırması ışığında.

By AYNUR ÖZFIRAT.

Ege Yayınları, İstanbul, 2005. Soft cover. Condition: New. Paperback. Pbo. 4to. (28 x 20 cm). In Turkish. 113 p. Ills. This book covers the Bronze Age strata of the excavations at Uctepe Mound in the Upper Tigris Valley held from 1988 to 1992. The excavated areas are very small compared to the gigantic size of the mound but cultural strata from the 3rd millennium BC through the Roman period were attested in the short five-season long excavations. Uctepe can be said to have been an administrative centre under Mitanni State, Assyrian Empire, Hellenistic period and Roman Empire. The Upper Tigris Valley has been an archaeologically little-studied region in the Near East until recently. The surveys and excavations have intensified recently thanks to another huge water project. The surveys and excavations documenting the cultural heritage within the Ilisu Dam lake continue. The Uctepe Mound rises on the west of the dam lake and it was formerly excavated by Prof. Dr. Veli Sevin and Diyarbakir Museum Directorate. Information gathered from Uctepe as well as those from ongoing projects will certainly contribute greatly to the regional culture.

Reviews

A very wonderful pdf with perfect and lucid explanations. This can be for those who state that there had not been a worth reading. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Mr. Stone Kunze**

Completely essential read ebook. It is among the most awesome book i actually have read. I am very happy to explain how this is basically the greatest book i actually have read in my individual existence and might be the best pdf for possibly.
