Pearson Education (US), United States, 2015. Mixed media product. Book Condition: New. 229 x 181 mm. Language: English . Brand New Book. You Will Learn C! Zed Shaw has crafted the perfect course for the beginning C programmer eager to advance their skills in any language. Follow it and you will learn the many skills early and junior programmers need to succeed-just like the hundreds of thousands of programmers Zed has taught to date! You bring discipline, commitment, persistence, and experience with any programming language; the author supplies everything else. In Learn C the Hard Way, you ll learn C by working through 52 brilliantly crafted exercises. Watch Zed Shaw s teaching video and read the exercise. Type his code precisely. (No copying and pasting!) Fix your mistakes. Watch the programs run. As you do, you ll learn what good, modern C programs look like; how to think more effectively about code; and how to find and fix mistakes far more efficiently. Most importantly, you ll master rigorous defensive programming techniques, so you can use any language to create software that protects itself from malicious activity and defects. Through practical projects you ll apply what you learn to build confidence in your new skills. Shaw teaches the key skills you need to start writing excellent C software, including * Setting up a C environment* Basic syntax and idioms* Compilation, make files, and linkers* Operators, variables, and data types* Program control* Arrays and strings* Functions, pointers, and structs* Memory allocation* I/O and files* Libraries* Data structures, including linked lists, sort, and search* Stacks and queues* Debugging, defensive coding, and automated testing* Fixing stack overflows, illegal memory access, and more* Breaking and hacking your own C code It ll Be Hard at First. But Soon, You ll Just Get It-And That Will...
