

Amazing Java: Learn Java Quickly

By Andrei Besedin

Andrei Besedin. Paperback. Condition: New. Dimensions: 11.7in. x 8.3in. x 0.2in. Do you know Java is being used worldwide These days it is difficult to find a platform not running on Java. Their uses begin from commercial e-commerce website to Android apps, from desktop applications to games, from financial applications to scientific applications, from J2ME applications to open source library and much more. No doubts its wide usage is due to the great benefits its users achieve from it. Some of these benefits are: -Write once and run anywhere- it reduces the stress of writing the same program everywhere that supports the Java platform -You can download codes that are not trusted over a network and run it in an environment that is secure without any harm. This makes it a unique platform -Java is reliable and multithreaded giving you the ability to perform a lot of tasks at the same time within a program -Java is easy to learn and object oriented. This allows you to create modular applications that are maintainable and also codes that are reusable. The support of Java is becoming universal as it is being integrated into almost all key operation systems, popular web browsers and...
