By Elmer J Barney

Railroad Street Press, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This story was lovingly crafted over a twenty-one year period of time. Life has a way of going by way too fast when you re having fun, and I ve enjoyed writing this book. I had no idea that my wife, soulmate and co-author would be taken from me in 2010. I miss her so much, but she lives in my heart and she will help me to write my next book: One Hundred Years of Red Sox Baseball, due out for the 100 year celebration of Fenway Park in 2012. The Boston Red Sox will continue to prey on our emotions. They have a way of doing that. We ll dislike the Yankees and the Rays as we root, root, root for the Red Sox, and just hope they can repeat what they ve already done twice in this century. That is, bring another World Championship to Boston. Enjoy the book and Love Those Red Sox.
