Reviews

This pdf is definitely not easy to get started on studying but quite entertaining to read through. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Even to-day an inexperienced teacher too often regards English as the material for the manufacture of ideas rather than as a medium for expressing them. Thus it often happens that, in our elementary schools, the language lessons are a weary work and a strain on both teacher and pupil. The seemingly natural plan of letting the child express his own thoughts in language either spoken or written marks a new era in the teaching of English. And since he is trying to express only what he knows and has experienced, his English is simple and straightforward; and, even when it is faulty, it may be corrected better by good example than...
