## THE UNDELIVERED (PAPERBACK)

iUniverse, United States, 2008. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.In 1906, at the Klondike Mine schoolhouse in Hatcher Pass, Alaska, teacher Raymond Williams gave his nine students a very special writing assignment that upon completion was to be sent to nine different people who would judge the work, and jointly decide on one grand prize winner. However, before this could happen, a mining explosion caused a landslide that crushed the classroom, and killed all nine students, yet sparing the life of their teacher. Although dreadful, the accident was all but forgotten until 1987, when a group of deer hunters on Kodiak Island discovers the wreckage of an old Army DC-3 airplane that had disappeared forty-five years earlier. Inside, investigators find several items such as the nine student desks, one unique brass U.S. Postal Service outdoor mailbox, along with other miscellaneous mining pieces that were all associated with that mining disaster. Upon removal of the aircraft fuselage to the Coast Guard Air Base on Kodiak Island, while the plane's cargo is being inspected, strange events begin to happen that lead people to eventually realize that something paranormal was at work and maybe some of the students that had used those school desks although long dead, were still present and involved in something very evil. In *The Undelivered*, a teacher's satanic beliefs dramatically change the lives of a handful of people that come in contact with the aircraft's contents. And, no amount of love, religious beliefs or educational training will change the course of what is to be.
