WORLD POPULATION POLICIES 2007

Academic Foundation/United Nations, 2008. Softcover. Book Condition: New. The publication provides a summary overview of population policies and dynamics for each of the United Nations Member and non-member States for which data are available at mid-decade for the 1970s, 1980s, 1990s and for 2007. The core information included in the monitoring of population policies encompasses two basic components: Government perceptions of population size and growth, population age structure and spatial distribution, and of the demographic components of fertility, mortality and...
