Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Women are often afraid to be women, to appear feminine or vulnerable because they equate it with being weak. However, quite the opposite is true, because a woman who is in tune with herself and shows her vulnerability wields much more power over a man than if she were to constantly act tough. We will be exploring many of the differences between men and women in this book and how it is that those differences give women more strength than any rules society may seek to impose upon them. And once you allow your inner woman to shine through, then you will become the girl that all men adore and can't live without.
