Reviews

An extremely awesome publication with lucid and perfect explanations. It is actually written in basic phrases rather than confusing. You will like how the writer publishes this book.

Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Seven stories. Many characters. Some human. A few not. It s science fiction with a smattering of the supernatural (a couple of ghosts, a witch, or two and meteorites.go figure.) Wander into a familiar world, Earth, and see it from a different perspective. However, each story opens you up to a new aspect of reality. Blue Boy Blue children have always been with us throughout time. However, Donald, is of a different kind. The Complications of Time Meteorites and first dates don t usually go together well. This is no exception especially when you throw in a space rock that glows. Technophobia He gets the cold sweats when he must interact with a machine, any machine. Especially her. Tj s Petition Moving to a new place can be tough especially when you re a teenager. It becomes tougher when you have rotting finger locked in a trunk. The Ascension of Peoria 5 Aliens can be bi-polar, too. But, that rule only applies when said alien has three eye spots, instead of the normal five. Jack, the Beanstalk, and all the Rest Taking a well-known childhood tale and turning it on its head, we meet a new, urban Jack with a few new tricks that Tabart and Dahl did not envision. How Charlie Ray Saved My Life A regular Joe-Schmo gets lucky and finds the girl of his dreams. And, they live happily ever after - not. That s where Charlie Ray comes in. None of these stories are -normal.- But then, what s normal anyway?.
