M Publishing, United Kingdom, 2012. Paperback. Book Condition: New. 198 x 122 mm. Language: English . Brand New Book ***** Print on Demand *****. The book describes the ultimate genetic destination of a human being on Earth and on the importance of the energy from the Omega dimension to that process. The most efficient ways to obtain and assimilate Omega energy, and the resulting physical and spiritual transformation of an individual are explained. Human evolution is followed over the last 6000 years, and rare light is shed on puzzling topics introduced in the sacred books (Resurrection, Last Judgement and Salvation, I am Alpha and Omega -) that resound from antiquity to the present day. While elaborating on our current evolutionary needs and highlighting the cosmic aspect of human destiny, the answers are given to a plethora of existential questions such as: Why we are on this planet? Why now? and What are the reasons behind our experiences? The book also describes what the Golden Age holds for us and how we can reach that future. This compact writing offers a novel vista to those in search of a fresh perspective on the meaning of and fulfilment of life.
