

Filipino Studies: Palimpsests of Nation and Diaspora (Hardback)

Filesize: 6.46 MB

Reviews

An incredibly wonderful ebook with perfect and lucid explanations. I really could comprehend every little thing using this written publication. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Tomas Flatley)

New York University Press, United States, 2016. Hardback. Condition: New. Language: English . Brand New Book. After years of occupying a vexed position in the American academy, Philippine studies has come into its own, emerging as a trenchant and dynamic space of inquiry. Filipino Studies is a field-defining collection of vibrant voices, critical perspectives, and provocative ideas about the cultural, political, and economic state of the Philippines and its diaspora. Traversing issues of colonialism, neoliberalism, globalization, and nationalism, this volume examines not only the past and present position of the Philippines and its people, but also advances new frameworks for re-conceptualizing this growing field. Written by a prestigious lineup of international scholars grappling with the legacies of colonialism and imperial power, the essays examine both the genealogy of the Philippines hyphenated identity as well as the future trajectory of the field. Hailing from multiple disciplines in the humanities and social sciences, the contributors revisit and contest traditional renditions of Philippine colonial histories, from racial formations and the Japanese occupation to the Cold War and independence from the United States. Whether addressing the contested memories of World War II, the voyage of Filipino men and women into the U.S. metropole, or migrant labor and the notion of home, the assembled essays tease out the links between the past and present, with a hopeful longing for various futures. Filipino Studies makes bold declarations about the productive frameworks that open up new archives and innovative landscapes of knowledge for Filipino and Filipino American Studies.
