iUniverse, United States, 2006. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.As Mommies, we can do almost everything that our children need. We nurture them, feed them, bathe them, play with them and love them. We can do almost anything-until it comes to baby proofing. As soon as we see the words drill a 1/16 pilot hole most Mommies run screaming for Daddy. The idea of using a drill or screwdriver sometimes seems as foreign and daunting as overhauling an engine or building a house from the ground up. Would you like to find out the three steps to choosing a baby safety gate? Do you know how to protect your child from drowning in your own home? This book answers these questions and more. Mommy Can Do It: A Do It Herself Guide to Baby-Proofing helps take away the frustration often associated with creating a child-safe home by empowering Mom to do it herself. No more does Mom need to wait for Dad to install the baby safety gate or to hire a baby-proofer. This is the only child safety book available that touches on important child safety risks in the home while focusing on helping Mom create a Totsafe home.
