

## The Word Protestant in Literature, History, and Legislation, and Its Introduction Into the American Church (Classic Reprint) (Paperback)

Filesize: 2.73 MB

### **Reviews**

*This pdf is definitely not easy to get started on studying but quite entertaining to read through. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.*  
*(Ms. Fatima Erdman)*

Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from The Word Protestant in Literature, History, and Legislation, and Its Introduction Into the American Church The word Protestant, since the year 1529, has been a thing to conjure with. It was first used as a term of contempt, but as time went on it lost its original pungency, and Dissenters gradually adopted it to express resentment to the Church of Rome. It never found its way, however, into any doctrine of the Church of England, and its introduction into the American Church, can only be accounted for (which will hereafter appear) on the probable theory of promoting unity in a divided Christendom. The proposal then to strike out the title Protestant Episcopal, which is the official designation of the Church, has created no little controversy between promoters and obstructionists to the well-being of the Church. That the Church has tenaciously clung to Episcopacy through all the periods of her troubled history no one can doubt, but that Protestant is part of her ancient heritage, we are persuaded, after examination, all will emphatically resent. The present inquiry will be an attempt to show what Protestant means, and to trace it briefly through the various phases of Continental and Anglican history, to prove. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
