

Law and Economy in Planning (Paperback)

By Walter Firey

University of Texas Press, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. From the beginnings of human association, social planning has been an accepted method for effecting improvements in community, regional, and national life. In Law and Economy in Planning, Walter Firey has made a start in the development of an intellectual framework that will give meaning to the craft of planning and establish a relationship between practice and first principles. In this study he investigates basic elements of this framework existing in two normative orders: the state, in which a collectivity has the obligation to enforce obedience; and the market, in which the individual has the right to be rational. These normative orders, whose laws are formulated in the disciplines of jurisprudence and economics, have a common concern with the utilization of scarce means to given ends. These orders, the state and the market, are formulated by the art of planning and have a common relationship to the natural order, which cannot be planned, but only predicted, and which is explained by the science of planning. To bridge the gap between the natural order and the normative order is the...

Reviews

A brand new e book with a brand new standpoint. I have read through and that i am certain that i am going to gonna go through again once more in the future. Its been developed in an remarkably simple way in fact it is merely right after i finished reading through this book in which basically modified me, modify the way in my opinion.

-- **Prof. Llewellyn Thiel**

It in a single of my favorite ebook. It can be packed with knowledge and wisdom I am just happy to tell you that this is basically the finest ebook i have got study in my very own lifestyle and may be he greatest pdf for actually.
