

The South Atlantic

Filesize: 6.3 MB

Reviews

The ideal ebook i possibly go through. It generally does not cost an excessive amount of. Once you begin to read the book, it is extremely difficult to leave it before concluding.

THE SOUTH ATLANTIC

To read **The South Atlantic** PDF, you should refer to the hyperlink below and save the ebook or have accessibility to additional information that are in conjunction with THE SOUTH ATLANTIC ebook.

Condition: New. Publisher/Verlag: Springer, Berlin | Present and Past Circulation | In the summer of 1994 (Aug. 15 - 18) about 220 oceanographers and paleoceanographers from Western Europe, the USA, Africa, South America, Russia and Lithuania met at Bremen University to present and discuss the results of recent research on present and past circulation in the South Atlantic. The symposium was organised by Gerold Siedler (University of Kiel) and Gerold Wefer (University of Bremen), assisted by a "Scientific Programme Committee", which included W.H. Berger, K. Herterich, N.G. Hogg, Y. Ikeda, J.H.F. Jansen, J.R.E. Luetjeharms, J. Merle, R.G. Peterson, and D.J. Webb. The local organisation was in the hands of Barbara Donner. A symposium on the South Atlantic seemed timely and appropriate because the results from a number of recent projects in oceanography and marine geosciences needed to be integrated into existing knowledge. Thus, monitoring programs have been in operation since 1991 as part of the World Ocean Circulation Experiment (WOCE). These programs included studies of the meridional water-mass and heat transports, the western boundary currents, and deep- and bottom-water transports in the Brazil Basin. Also comprehensive studies are being carried out in the context of IGBP Core Projects PAGES (Past Global Changes) and JGOFS (Joint Global Ocean Flux Study), generating new data for the various current and production systems of the South Atlantic. | Central Themes of South Atlantic Circulation.- On the Circulation of the South Atlantic Ocean.- Transient-Tracer Information on Ventilation and Transport of South Atlantic Waters.- The Circulation and its Variability of the South Atlantic Ocean: First Results from the TOPEX/POSEIDON Mission.- The Zonal WOCE Sections in the South Atlantic.- South Atlantic Heat Transport at 11°S.- Comment on the South Atlantic's Role in the Global Circulation 121 -.- The Exchange of Water between the South Indian and...
