Cambridge University Press. Paperback. Condition: New. 406 pages. Dimensions: 9.0in. x 6.1in. x 1.0in. This highly original book examines the function of legal norms and institutions in the transition to - and from - apartheid. It sheds light on the neglected relationship between path dependence and the law. The Legacies of Law demonstrates that legal norms and institutions, even illiberal ones, can have an important - and hitherto undertheorized - structuring effect on democratic transitions. Focusing on South Africa during the period 1650-2000, Jens Meierhenrich finds that under certain conditions, law reduces uncertainty in democratization by invoking common cultural backgrounds and experiences. Synthesizing insights from law, political science, economics, sociology, history, and philosophy, he offers an innovative redescription of both apartheid and apartheid's endgame. The Legacies of Law demonstrates that in instances in which interacting adversaries share qua law reasonably convergent mental models, transitions from authoritarian rule are less intractable. Meierhenrich's careful longitudinal analysis of the evolution of law -and its effects -in South Africa, compared with a short study of Chile from 1830 to 1990, shows how, and when, legal norms and institutions serve as historical parameters to both democratic and undemocratic rule. By so doing, The Legacies of Law contributes new and unexpected insights -both theoretical and applied -to contemporary debates about democracy and the rule of law. Among other things, Meierhenrich significantly advances our understanding of hybrid regimes in the international system and generates important policy-relevant insights into the politics of law and courts in authoritarian regimes. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
