

## Amazing Armadillos

By Jennifer Guess McKerley, Paul Mirocha

Random House USA Inc. Paperback. Book Condition: new. BRAND NEW, Amazing Armadillos, Jennifer Guess McKerley, Paul Mirocha, "Reading on your own" Armadillos may look funny, move oh-so-slowly, and smell a little stinky but mostly they are extraordinary! For example, they can jump three feet in the air to scare away any predators (especially the human variety), they can hold their breath underwater for 10 minutes, and they've been known to eat 40,000 bugs in a single meal. "Amazing Armadillos" follows a female armadillo as she forages for food, builds a home, and prepares for the birth of her baby pups. It is perfect for newly independent readers who love to learn fun, quirky, and cool facts about amazing animals, like the armadillo.
