

Animal Cognition (Paperback)

By Nick Lund

Taylor Francis Ltd, United Kingdom, 2002. Paperback. Condition: New. Language: English . Brand New Book. Animal Cognition looks at how non-human animals process information from their environment. Nick Lund has written an accessible and engaging account of this area of comparative psychology. The book contains chapters on animal navigation (including homing behaviour and migration), animal communication methods and research into animal language, and attempts to teach language to non-human animals. A chapter on memory includes models of memory in non-human animals and discusses the importance of memory in navigation and foraging behaviour. Animal Cognition is designed to cover the AQA(A) A2 level specification but will also be of interest to undergraduates new to comparative psychology. It is well illustrated and includes a study aids section with examination questions and answers, and key research summaries.

Reviews

It is great and fantastic. I have go through and i am sure that i will likely to study again once again later on. I am just easily could possibly get a enjoyment of looking at a published book.

-- **Tad Stanton Sr.**

Most of these ebook is the best publication available. It is definitely simplistic but unexpected situations within the 50 percent of the book. You will not sense monotony at at any moment of the time (that's what catalogs are for relating to in the event you request me).
