Arcadia Publishing (SC), United States, 2012. Paperback. Condition: New. Language: English . Brand New Book. Settled by Dutch farmers and entrepreneurs in the 17th and 18th centuries, Orangetown s story is tied closely to America s history. It was here that British and Continental armies marched through; where the infamous Maj. John Andre, coconspirator of Benedict Arnold, was tried and hanged for treason; and where three times Washington established his headquarters and finalized terms for the end of the American Revolution. In the 19th century, Orangetown was both a quiet and productive area of farms and mills and at the forefront of the Industrial Revolution. Its shipyards, steamships, railroads, and factories manufactured and transported passengers, produce, and freight to and from nearby New York City and beyond. In the early 20th century, Orangetown s rural charm attracted affluent city dwellers with spas, elegant resorts, and pristine real estate. In the 1940s, over one million soldiers trained at Camp Shanks for combat deployment in Europe. In the 1950s, life was changed irrevocably with the opening of the Tappan Zee Bridge and the New York State Thruway.
