Brand New Book ***** Print on Demand *****.Excerpt from Chapters on the Common Things of the Sea-Coast The main object of this little book is enable the reader, acquainted with Natural History, to recognise some of the different objects frequent on our shores. There is not one of them all, but has some interesting circumstance connected with it, familiar enough to the man of science, but never suspected by those who have not had opportunity or inclination to study them. Could we trace the mental history of our great naturalists, we should find that many who have devoted their lives to the pursuits of science, had at first their attention directed to it, like Linnaeus, by listening to a conversation, or, like Sir Joseph Banks, by musing, in a leisure moment, on the beauty of a flower; and thus the reading of a little volume like this, on Common Things, may serve to awaken an interest in nature, which shall not sleep again.
