THE SOCIO-ECONOMIC TRANSFORMATION: GETTING CLOSER TO WHAT?

Palgrave Macmillan, UK, 2007. Hardcover. Condition: New. First Edition. 168 pages. Available Now. Book Description: Transition economies offer a test case for concepts and theories, for broader ideas and for the methods of scientific enquiry, but also for the multiplicity of ideological interpretations. Designing the strategies for the transition processes and testing the theories relative to economic, social and political change constitute an unprecedented challenge to intellectual capacity of the scientific community. This volume brings together a team of leading...

Reviews

This is actually the finest ebook we have go through until now. It is writter in straightforward words and phrases instead of difficult to understand. Its been designed in an remarkably straightforward way and is particularly just following i finished reading through this book by which basically changed me, change the way in my opinion.
