Reviews

An exceptional pdf as well as the typeface utilized was interesting to see. I am quite late in start reading this one, but better then never. I am very happy to explain how this is actually the best pdf i actually have go through within my individual daily life and might be he greatest publication for possibly.

UNPOPULAR PRIVACY: WHAT MUST WE HIDE?

Oxford University Press Inc. Hardback. Book Condition: new. BRAND NEW, Unpopular Privacy: What Must We Hide?, Anita L. Allen, Can the government stick us with privacy we don't want? It can, it does, and according to this author, may need to do more of it. Privacy is a foundational good, she argues, a necessary tool in the liberty-lover's kit for a successful life. A nation committed to personal freedom must be prepared to mandate inalienable, liberty-promoting privacies for its people, whether they eagerly embrace them or not. The eight chapters of this book are reflections on public regulation of privacy at home; isolation and confinement for punitive and health reasons; religious modesty attire; erotic nudity; workplace and professional confidentiality; racial privacy; online transactions; social networking; and the collection, use and storage of electronic data. Most books about privacy law focus on rules designed to protect popular forms of privacy. Popular privacy is the kind that people tend to want, believe they have a right to, and expect governments to secure. Typical North Americans and Europeans embrace privacy for home-life, telephone calls, e-mail, health records, and financial transactions. This unique book draws attention to unpopular privacy- privacies disvalued or disliked by their intended beneficiaries and targets-and the best reasons for imposing them. Examples of unwanted physical and informational privacies with which contemporary Americans have already lived? Start with laws designed to keep website operators from collecting personal information from children under 13 without parental consent; the anti-nudity laws that force strippers to wear pasties and thongs; the 'Don't Ask Don't Tell' rules that kept gays out of the US military; and the myriad employee and professional confidentiality rules- including insider trading laws- that require strict silence about matters whose disclosure could earn us small fortunes. Conservative and progressive liberals agree that...
