

Practical Hints on the Quantitative Pronunciation of Latin: For the Use of Classical Teachers and Linguists (Classic Reprint) (Hardback)

By Alexander J Ellis

Forgotten Books, 2018. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Practical Hints on the Quantitative Pronunciation of Latin: For the Use of Classical Teachers and Linguists Been adopted in various educational establishments in this country; and it is no uncommon occurrence in my classes to find students on their arrival already trained in the new method, with such slight differences (and they are really slight) as the divergence of Opinion on particular points makes unavoidable. It would be premature at present to express any opinion as to the. Eventual success of this experiment; it can hardly be said as yet to have been adequately tried in schools, or properly seconded in the Universities. At Oxford, when I examined viva voce as Classical Moderator in 1872, i was the only examiner who used the reformed pronunciation, and those who then came before me for examination did not generally seem familiar with it. Even now the old use predominates, and it is to be feared that even those trained by the Syllabus at school, e g., at Shrewsbury, Marlborough, Liverpool College, Christ s Hospital, Dulwich College and the City...

Reviews

It is one of the most popular books. I am quite late in starting to read this one, but better than never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Camille Larson**

The publication is easy to read, better to understand. It is written in basic words and phrases rather than hard to understand. You won't truly feel monotony at any time of your respective time (that's what catalogues are for, about if you question me).

-- **Kaya Rippin**
