Random House USA Inc, United States, 2018. Hardback. Condition: New. Language: English . Brand New Book. An exhilarating debut story collection that explores the mysterious, often dangerous forces that shape our lives Named one of 2018 s must-read books by Elle, Book Riot, and AM New York and one of February s top reads by Entertainment Weekly, Harper s Bazaar, Refinery29, Shondaland, PopSugar, Fast Company, and Bustle Anjali Sachdeva is a fascinating storyteller, willing to push her inventiveness as far as it will go, and I cannot wait to see what she writes next. ---Anthony Doerr, author of All the Light We Cannot See Spanning centuries, continents, and a diverse set of characters, these alluringly strange stories are united by each character s struggle with fate. In a secret, subterranean world beneath the prairie of the Old West, a homesteader risks her life in search of a safe haven. A workman in Andrew Carnegie s steel mills is turned into a medical oddity by the brutal power of the furnaces--and is eventually revitalized by his condition. A young woman created through genetic manipulation is destroyed by the same force that gave her life. Anjali Sachdeva demonstrates a preternatural ability to laser in on our fears, our hopes, and our longings in order to point out intrinsic truths about society and humanity. Killer of Kings starts with John Milton writing Paradise Lost and questions the very nature of power--and the ability to see any hero as a tyrant with just a change in perspective. The title story presents a stirring imagining of the aftermath of the kidnapping of Nigerian schoolgirls by Boko Haram that leaves us pondering what is lost when we survive the unsurvivable. And in Pleiades, genetically modified septuplets are struck by a mysterious illness that tests their parents...
