## IMPLICATIONS OF LEARNING BEHAVIOUR FOR PRICE PROCESSES

Condition: New. Publisher/Verlag: Scholar&apos;s Press | This book analyses the impact of learning behaviour in different economic environments. All cases are motivated by real world puzzles which cannot be explained by models with rational expectations: The size and persistence of exchange rate volatility, the possibility of financial market crashes without news, and progress in disinflation in transition countries despite limited credibility and conflicting monetary and fiscal policies. In particular, the author shows that adaptive learning behaviour adds additional dynamics to...
