## CROP FARMING IN CHINA

Shaker Verlag Apr 2004, 2004. Taschenbuch. Condition: Neu. Neuware - During the past twenty years, China has experienced enormous economic growth, profound institutional reforms, and a fundamental transformation of society. As a result, farmers have become independent entrepreneurs and free markets for agricultural products and inputs have started to develop. Changes in consumption patterns and the opening of markets has led to a shift in production mix towards products in which China has comparative advantages, i.e. away from grain production...
