

The Science of Emotions

By Fahad Basheer

Partridge India, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.This book clearly explains the biochemical and biophysical process by which the human mind can influence the human body. This book brings out the reality how the disorders and diseases of human body are generated from the human mind. This book is completely capable of exposing how the human emotions and thoughts can influence the human DNA and also explains how our positive and negative emotions affect the physiology of cells of our body differently. This book clearly reveals how the psychology of the human mind can directly affect the human physiology at macroscopic and microscopic levels in the human body. It also specifically rules out how environment can affect the mind and the cells of the human body. It gives a clear cut concept on the role of perception, beliefs, and emotions in determining the health and disease of the cell. And explains how the perception, beliefs, and emotions of an individual affect the functioning of the cells in his body. This books rules out the existence of consciousness that brings life into existence in the...

Reviews

Simply no phrases to clarify. It is really basic but surprises from the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

This book will never be straightforward to start on looking at but extremely exciting to read. I actually have read through and that i am sure that i am going to gonna go through once more again in the future. I am happy to explain how this is the very best book i have read through in my individual lifestyle and may be he best publication for at any time.
