THE BOOK OF POSSIBILITY is one of the ten book series belonging to a strategy book collection called Sonhill Success Mastery™. These books are written based proven strategy principles and rules that are directly from the famous Sun Tzu's The Art of War. In this series, you will learn how to calculate the limitation of your chosen business opportunity in terms of what your opportunity can and cannot do for you so that you can be better prepared. Knowing the limitation of your chosen opportunity and the limitation of your own competing capability and organization allows you to minimize risks and avoid dangers while you are striving to make your wealth-creating masterplan and strategy work and move toward their future success and wealth. When you minimize risks and avoid uncertain situations, you reduce your chance of failure. When you reduce your chance of failure, you increase your chance of success and you also become more opportunistic in the way you compete and succeed. The general rule is that you seize and take advantage of your chosen business opportunity based on your strength and advantage, rather than based on your weakness and disadvantage. When you make decisions, compete and take actions from the position of strength and advantage, you often win and succeed. This is how you make your money and create your wealth as a successful business entrepreneur and wealth creator. As Series Four, this book will give you many practical strategy ideas and tools you can immediately use to calculate the limitation of your chosen opportunity and evaluate your own limitation so that you can minimize risks and avoid uncertain situations as you keep progressing and advancing toward your future success and wealth.
