Once Upon a Time There Was a Little Girl shares the moving stories of seven women who as young girls experienced the early loss of their mothers through death or physical or emotional abandonment. The women explore their personal traumas through their responses to seven fairy tales in which there was no nurturing maternal presence. Dr. Marcella Shields is a psychologist with over thirty years of experience who reveals the inspiring journeys of these women who eventually triumph over suffering and learn to rely on the bond they have formed with each other to help reclaim their passion for life. By exploring seven timeless fairy tales in which the heroine finds her way through the grief of abandonment, the women offer a deeper understanding of the significance of the mother-daughter bond and the devastating consequences for the daughter if this bond is ruptured early. The poignant life stories and dreams courageously offered by these women show how fairy tales allowed them to understand and refashion themselves, and provide a source of encouragement and hope for other women who have experienced early maternal loss. Fathers raising daughters without a consistent maternal presence will also find the reflections valuable.
