By Georges Van Vrekhem

Createspace, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. We start from the idea that humanity is moving to a great change of its life which will even lead to a new life of the race, - in all countries where men think, there is now in various forms that idea and that hope, - and our aim has been to search for the spiritual, religious and other truth which can enlighten and guide the race in this movement and endeavour. . As man arose out of animal, so out of man superman shall come, said Sri Aurobindo. Overman is a metaphysical book which dwells upon the concept of the ultimate progression of man into a highly enlightened species called the supramental being, towards which, the author says, the intermediary stage (the Overman) has already been reached. Contrary to established mystical or religious concepts, Sri Aurobindo's quest is not for a next evolutionary stage in some beyond, but right here on Earth.
