

The Fear Index

By Robert Harris

Cornerstone, United Kingdom, 2011. CD-Audio. Book Condition: New. Abridged edition. 144 x 126 mm. Language: English . Brand New. His name is carefully guarded from the general public but within the secretive inner circles of the ultra-rich. Dr. Alex Hoffmann is a legend - a visionary scientist whose computer software turns everything it touches into gold. Together with his partner, an investment banker, Hoffmann has developed a revolutionary form of artificial intelligence that tracks human emotions, enabling it to predict movements in the financial markets with uncanny accuracy. His hedge fund, based in Geneva, makes billions. But then in the early hours of the morning, while he lies asleep with his wife, a sinister intruder breaches the elaborate security of their lakeside house. So begins a waking nightmare of paranoia and violence as Hoffmann attempts, with increasing desperation, to discover who is trying to destroy him. His quest forces him to confront the deepest questions of what it is to be human. By the time night falls over Geneva, the financial markets will be in turmoil and Hoffmann's world - and ours - transformed forever.

Reviews

Very useful to all category of men and women. I actually have study and i also am certain that i am going to going to read through again once more down the road. Its been written in an exceptionally simple way and is particularly only soon after i finished reading this publication by which basically altered me, modify the way in my opinion.

-- **Dr. Sarai Fisher DDS**

Completely among the finest publication I have got possibly read through. It really is rally exciting throug reading through period. You are going to like how the writer compose this publication.
