Among the stored Christmas decorations, they find a box of antique glass balls which react strangely to light. Despite Jenn s instant dislike of them, these unusual ornaments are used as part of their seasonal display and fascinate guests at a party. Then the balls start to disappear. Who wants to seize, study or destroy them? Why would weird societies send alien-alerts and the FBI show interest? What does the beautiful Mrs. Boss know? Did the last words of Paul s long-gone mother refer to these mysterious orbs? And are they stealing love? In their search for answers, the young couple find themselves solving a family riddle, helping to right an old wrong and perhaps saving Mankind. Season s Greeting is fiction based on a real-life mystery and is the third novel in the Gathering Green series, bringing together characters from the first two books.
