paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 191 Publisher: Nanjing University Press Pub. Date :2007-5-1. Language is the most important communication tool. is an important part of human culture. Language literacy is the foundation to learn other subjects. Through language learning students love the motherland and language of the thoughts and feelings to guide students to understand and use of mother language. a rich accumulation of language. sense of language training. the development of thinking. improve their moral character and aesthetic taste. and gradually form a good personality and good personality. Described above. to fully illustrate the importance of language learning. But the language seems eager to learn. really learn it is not easy. Very practical because of language learning. the main way to develop language skills should also be language practice. Both literacy and writing. oral communication. or reading. writing. must be under the guidance of the scientific method of repeated experience. insights. can be learned. Of course. it should be a scientific study. effective exercises. not the sea tactics can be effective. The editor of the book in primary school language teaching for decades. know that students learn the language of one of the difficulties is to provide intensive short extra-curricular. and proposed to complete the essay for the word. words. sentences. articles and other issues at different levels. The reason is mainly two aspects: First. students are younger. less accumulation of knowledge. understanding. lack of capacity. combined with a written summary of expression is limited. often fail to meet requirements; Second. some students' poor reading habits. can not stop read the article. think about issues such as Qing Ting point of water. the article will look like a rough answer. and...
